

MORE POWERFUL TOGETHER

RISER MANAGEMENT FOR TENANTS AT ONE TWO PRU

Your business needs dependable telecommunications and data infrastructure. REX Riser Management has a full-service team to handle the requests from building management, tenants and general contractors. We ensure all Riser closets are secure and protected. No one other than REX technicians will have access to the closets, to modify, move or disable telecom services for any tenant in the building. This is for your telecommunication security and protection.

SOLUTIONS

- ▶ Voice/Data circuit extensions from Netpop to tenant's server room
- ▶ Riser cabling and conduit both horizontally and vertically
- ▶ 24-hour emergency service with a typical response time under 2 hours
- ▶ Telecom provider coordination for new service installations
- ▶ Estimates for all low voltage cabling, Voice and Data locations, Wireless Access Points, Card Access, Security, and Fire Alarm
- ▶ Service requests and updates through Angus

For almost 100 years, REX Electric & Technologies, LLC has been a proud member of the Chicago community, and we continue to do our part to provide superior building solutions. REX was founded in 1921 and since has grown to be one of the top 5 union electrical contractors in Chicago. In addition to riser management we can provide the following services:

Electrical
Construction

Voice
& Data

Security, Access
Control, & Fire Alarm

Lighting

Audio Visual
Technology
